

IMPAK STR 2212

The **IMPAK STR 2212 Shrink Tunnel** features an advanced heater bank and an adjustable high-speed blower to re-circulate air, reducing heat-up time and heat loss which ensures the best packaging performance. It is equipped with a digital temperature controller and an inverter to adjust the conveyor speed which assures consistency of the machine. It also features a live roller conveyor with silicone rubber rollers and heavy duty casters with locks for better portability.

SPECIFICATIONS

- Machine Dimension: 61" Long x 30" Wide x 62" High
- Tunnel Opening: 22" Wide x 12" High
- Tunnel Size: 44" Long x 22" Wide x 12" High
- Power: 220 Volts, 1 Phase, 30 Amps, 60 Hz
- Weight: 463 Lbs
