Handle-It® Model 1100

The Handle-It® Model 1100AA-C offers top-of-the-line functions and features at a great price.

Ideal for those that are looking to wrap their pallets as efficiently as possible without moving to a conveyORIZED automatic system. No need for workers to get off the forklift. This unit comes standard with a remote control that when prompted will automatically attach the film, wrap the pallet, cut the film, and heat seal the film to the pallet eliminating any film tails.
