

# XP650 ASX

## AUTOMATIC OVERLAP SLEEVE WRAPPER

## HIGH-SPEED BUNDLING POWER

The SMI XP650 ASX is a fully electric, high-speed overlap wrapper engineered for performance and versatility. Part of the new XP series, this all-in-one machine shrink-sleeves and bundle-wraps a wide range of products—including bottles, cans, trays, cartons, and more—whether tray-supported or unsupported, and without the need for a separate shrink tunnel. It's a smart solution for fast, flexible packaging across multiple industries.
